**Position / Job Title:**

- **Senior Engineer/Geologist**

**Primary Role:**

- In Situ SI are looking to appoint a Senior Engineer/Geologist to join its small dedicated Northern operations team. This team, based in South Yorkshire, offers pressuremeter testing services to the clients in the UK and Overseas, and provides geotechnical support, CPT data processing and reporting services to offshore marine surveys. InSitu SI offers a competitive salary, together with benefits commensurate with working for a dynamic independent company.

**Main Duties:**

- High quality analysis of pressuremeter tests using industry standard and bespoke in house software packages.
- Preparation of factual and semi-interpretative reports to the relevant standards.
- Respond to technical queries regarding pressuremeter testing.
- Tender responses and build and maintain Client relationships.
- Day to day management of pressuremeter operations and equipment/resources.
- Occasional short offshore trips to provide on board data handling and processing for CPT and sampling operations.
- High quality core logging and photography.
- Carry out basic geotechnical tests on recovered material.
- Data inputting / precise record keeping & checking during geotechnical logging process.
- Sub-sampling, labelling and preparation of samples for transmittal to laboratory for further geotechnical testing.

**Required Skills:**

- Practically minded, with a hands on, organised and methodical approach to job tasks.
- Advanced level of experience and familiarity with all aspects of pressuremeter testing and analysis.
- High level of experience and familiarity with CPT testing and data interpretation.
- Positive attitude towards health and safety in the workplace, both on and offshore.
- Excellent material logging skills and experience of both sediment and rock, to relevant BS EN ISO standards.
- Good understanding of geotechnical laboratory testing and its applications.
- Excellent IT skills.
- Accurate data handling skills and attention to detail, with the ability to check your own work.

**Applicants should apply by CV and short letter of interest.**

**For further information and submissions should be sent via email to: [robcooke@insitusi.com](mailto:robcooke@insitusi.com)**
