Position / Job Title:

- **Cone Penetration Testing (CPT) Operator**

Primary Roles:

- To carry out CPTs on site, in the UK and potentially overseas

Main Duties:

- Conduct CPTs to the highest technical and industry standards
- Following a period of training, to be able to work independently
- Precise record keeping & checking
- Develop good client relationships and promote in situ testing

Required Skills:

- Practically minded with a hands-on, organised and methodical approach to job tasks
- Ability to accurately follow instructions and guidance
- Positive attitude towards health and safety in the workplace
- General familiarity with computers and standard software packages
- Attention to detail with the ability to check your own work
- Full UK Driving Licence & willingness to work away from home

Additional requirements:

- Genuine interest and willingness to learn new skills
- Able to work as part of a team
- High level of housekeeping and general tidiness

Beneficial knowledge:

- Familiarity with CPTs, although not essential as full training will be provided
- Basic understanding of geotechnical site investigation and methods
